3N HOLDING GROUP

CORPORATE PROFILE
2021/2022

CORPORATE Timeline

GIBTHAI Co., Ltd. was founded in 1985 as a distributor of scientific products in the field of life science research. For 36 years, Gibthai expands and coverage to others field including biotechnology, clinical, industry, and healthcare to various laboratories in universities, research institutes, hospitals, government organization as well as many industrial manufacturers. Gibthai strives to offer more of what people are looking for, we now represent high quality products more than 70 brands from global suppliers all over the world.

With the continually growing potential of scientific research and development in Thailand,

Doctor Calibration Co., Ltd., Lab Leader Co., Ltd., AEC Healthcare Co., Ltd. and BioDesign Co., Ltd. have been established consecutively to serve the customer more product offerings and value-added services under "**3N Holding Group**".

Founded in 1993, Our Training Center was established with the intention of providing training, seminar and hands-on workshop for the real experience in laboratory. All workshop and seminars are moderated by our personnel and invited speakers with expertise on each topic from several organizations throughout Thailand and overseas to provide knowledge to all participants. Our meeting room in Bangkok office can accommodate up to 80 persons and 35 persons in Laboratory room.

We have provided a wide variety of training courses from basic laboratory practice through advanced techniques in biotechnology research to fulfill the requirements of the customers.

Our Training Center utilizes Smart Digital Workstation systems that are the latest presentation device with capacity of broadcasting live lecture from our center in Bangkok to other regional training centers simultaneously. This will enable new technology to approach all of our customers comprehensively.

A Part of our **TRAINING COURSES**

- PCR & RT-PCR Techniques
- Real Time PCR&RT-PCR; Rapid tools for gene quantification
- Cloning & Protein Expression Technology
- Protein Detection Techniques
- Basic & Advance Techniques in Cell Culture
- Stem Cell Technology
- Fermentation Techniques
- New Tool for RNAi Workflow
- Biosafety Awareness and Fume Hood
- Pipetting Techniques for Better Ergonomics and Safety in your Lab
- Multi-parameter Flow Cytometry
- NGS sample preparation and How to choose Data analysis

Warehouse & Logistics

With our attention on quality of warehouse and product delivery, we deeply emphasize on product storage, we have 24-hour temperature controlling walk-in rooms for 25°C, 4°C and -20°C, as well as standard warehouse equipped with modern equipment and devices. To ensure that all products distributed by 3N Holding are stored and maintained properly before delivering to our customers.

Gibthai is the most responsive distributor of Biological reagents, Instrument and Apparatus used in life science and biotechnology research in Thailand. The concept of responsiveness refers to customer services and providing value in supporting and offering comprehensively pre-sales and after-sales services nationwide. We currently categorized our products into 4 divisions as follows:

Laboratory Products

- Bioproduction & Chemical Reactor
- Biosafety Cabinet/Clean Bench/Hood
- Equipment & Instrument
- Laboratory Filtration

Industrial Laboratory Products

- Microbiology

Health & Aesthetics Products

- Lipolytic Solution
- Hair Solution
- Placenta Extract
- PRP Extraction system
- Automatic Cell Station
- Nano fat Kit

Life science Products

- Cell Culture & Cell Biology
- Molecular & Synthetic Biology
- Protein & Cell Analysis
- Plasticware & Supplies

Service & Support

We are committed to customer service & support to deliver the resources, knowledge and expertise whenever, wherever and however to address the full spectrum of customer needs.

AEC HEALTHCARE

AEC Healthcare is a distributor of medical diagnostics equipment, supplies, reagents and kits for clinical laboratories to support the fast expansion of healthcare industry effectively and access to our customer extensively. AEC Healthcare serves you with 24 quality brands worldwide, categorized into 3 product groups which are:

Product Division

Molecular Diagnostics

- Automated Nucleic Acid Extraction
- Multiplex Real-time PCR Kits for Infectious Diseases
- QIAstat-Dx Respiratory SARS-CoV-2 Panel & Instrument
- Allergy Test
- POCT

Clinical Diagnostics

- Hematology
- Blood Bank
- Clinical Instrument
- Clinical Chemistry
- Immunology
- Coagulation
- Pathology
- Microbiology
- POCT
- Pathology Consumable
- Blood Collection Tube
